🌐 LinkedIn | [Certifications] CISSP, Security+

Professional Summary

Security Analyst with 4 years of remote experience defending enterprise networks. Expert in SIEM (Splunk, Sentinel), network security (firewalls, IDS/IPS), and incident response. Handled 100+ security alerts daily and led 5 major breach simulations.

Core Skills

Network Security (TCP/IP, firewalls, VPNs, Wireshark)

SIEM (Splunk, Azure Sentinel, QRadar)

Incident Response (MITRE ATT&CK, playbook development)

Vulnerability scanning (Nessus, Qualys), log analysis, threat hunting

Experience

Security Analyst | CyberShield (Remote)

Mar 2021 – Present

Monitored and triaged 200+ SIEM alerts daily, reducing mean time to detect (MTTD) by 25%.

Led incident response for 3 critical security events, coordinating containment and root-cause analysis.

Implemented firewall rule changes and network segmentation to block 15+ attack vectors.

Certifications

CISSP, CompTIA Security+, Splunk Certified Power User
